(Flint, Michigan) Ultra-low fares to Florida are riding high at Flint's Bishop International Airport as Allegiant, who flies to four sunny destinations in the state, becomes the airport's largest carrier serving 41.70% of our February passengers. Delta, the next largest carrier, served 31.70%, American was 13%, and United came in at 12.96%. Allegiant currently flies nonstop to Tampa/St. Pete; Orlando/Sanford; Fort Myers/Punta Gorda and flies seasonally to Ft. Lauderdale.

Allegiant first took off from Flint Bishop Airport on April 13, 2016, and by year-end November 2016 had served 38,500 passengers. Just two years later, a total of 162,000 passengers took flight with Allegiant, an increase of 179%. Airport Director, Craig Williams, "their growth in our market has been incredible. It is rare to see triple digit growth from an airline in such a short period of time. It is a testament to the commitment of the airline to our community, and our community to Allegiant and this airport."
